Serial circuit, 175
hardware
ASCII character codes, 176–177
ASCII protocol, 176
escape codes, 177
serial library, 180
available() function, 181
begin() function, 180
print() function, 183–184
println() function, 184
read() function, 181–182
write() function, 184
serial to servo, 178
loop() function, 179
schematic circuit, 178
setup() function, 179
source code summary, 179–180
uploading source code, 179
using hardware, 175–177
Serial communications protocol, 176
Serial library, 180–184
Serial Monitor window, 91
Serial port selection, 15
Serial servo schematic circuit, 178
Serial servo source code, 179
Serial time clock display source code, 192–194
Serial time clock schematic circuit, 191
Serial time clock setting source code, 195–197
Serial.print(), 92
Servo library, 156–160
SetCursor() function, 149
SetFadeSpeed() function, 108
SetSpeed() function, 165–166
Setup() function, 21, 23–24, 50, 67, 84, 128–129, 187
Shield List, 240
Sketch. *See* Sketching in code, Arduino program
Sketchbook, 17
Sketchbook menu, 28
Sketching in code, 17
Arduino program, 17
common errors, 29
compiler error, 30
hardware errors, 30
syntactical errors, 30
RGB Blink, 18
RGB color wheel, 19
RGB LED, 18
schematic circuit, 19, 20
source code summary, 21
uploading source code, 20–21
saving, 27–28
sketchbook, 17
structure of Arduino C, 21
basic functions. *See* Setup() function; Loop() function
C language, 8–9
statements and syntax. *See* Statements and syntax
using comments. *See* Comments
uploading, 28–29
verifying/compiling, 26–27
SoftwareSerial() function, 189
Soldering Workshop, 6
Starter kit, Arduino, 10
State change, 71–76, 118
Statements and syntax
arguments, 25
assignment statement, 25
commas, 25
compound statement, 25
conditional statement, 25
curly braces, 25
parenthesis, 26
semicolons, 25
simple statement, 25
Step() function, 165–166
Stepper library, 161–166
String manipulation, 190
Strncmp() function, 188, 190
Structural programming language, 22
Suppliers and retailers list, Arduino, 240–241
Switch statement, 58–59
SwitchPin, 50
Symbols and Characters(), 150, 151
Syntactical errors, 30
