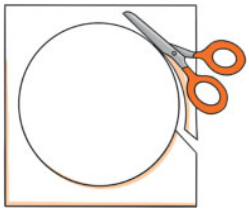
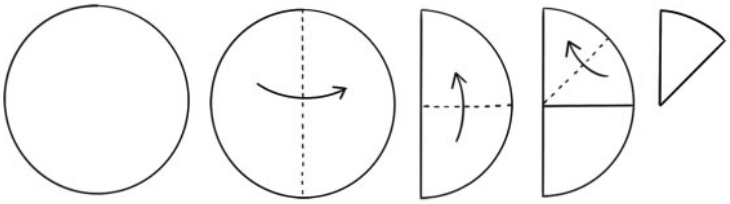
PAPER CIRCLE PATTERNS

This works in the same way, but instead of a strip, you start with a circle.

1 Cut out a circle of paper roughly 20–40 cm (8–16 in) across. (Draw around a plate or pan lid to make it neat!)



2 Now fold it in half, then in half again, then again, so it’s folded into eight sections.



3 Draw a picture or design on the folded paper, making sure it links at the sides ...
