
3 Decide what the number route will be based on, and fill in the right numbers to make a winding route. Here, we've used the two times table.

•	2	4					
	8	6					
	10						
	12	14		22	24	26	
		16	18	20		28	
						30	•

4 Finally, fill in the other spaces with random numbers. Your maze is ready to solve!
