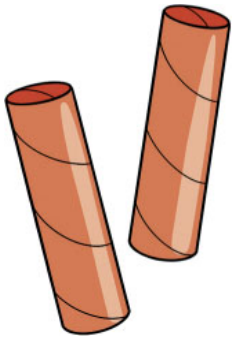
What do you need?

- Large cardboard box
- Scissors
- Markers
- A pile of books
- Some marbles (or other small, heavy balls)
- A flat, smooth surface, like a hard floor, to play on
- A cardboard tube (the longer the better)



You could use a tube from a roll of paper towel, foil, or food wrap, or a longer tube from a roll of wrapping paper.

Set it up

1 With an adult to help, cut the flaps off the top of the cardboard box (don’t throw them away).
