

Loop the paper clip through the rubber band, and tape it in place.

How to play

4 Now you should be able to press down on the spoon and let it go, making it flip back up!

5 Now you just need some targets, such as small plastic food containers, paper bowls, or cardboard boxes. Label them with different scores, such as 10, 20, 50, and 100, and stand them 2–3 m (3–10 ft) away from your shooter. Put the high-scoring targets farther away!
