TREASURE ISLAND

Set a trail of clues to reveal where the treasure is hidden.

Set a hidden treasure challenge for a friend—or you could both set one for each other.

What do you need?

- Graph paper
- Ruler
- Pens and pencils
- Crayons

Set it up

1 Start by marking out a map grid on your paper. Draw a large box about 15 cm (6 in) wide and 20 cm (8 in) high. If it’s on graph paper, it will already have squares in it. If not, draw your own horizontal and vertical lines inside the box using a ruler, 1 cm (0.5 in) apart.
