5 At the start of the game, you'll want to use the 10 x bigger scores to increase the total quickly. But as you get closer to 101, you'll need the smaller numbers!

| Dice throw | Score | Total |
|---|---|---|
| | 50 | 50 |
| | 20 | 70 |
| | 6 | 76 |
| | 10 | 86 |
| | 10 | 96 |
| | 1 | 97 |
| | 1 | 100 |

6 If you hit 101 exactly, your team wins instantly! But if you go over 101, your team loses instantly.
