7 If you’re getting close to 101, you risk going over it and losing. So each team has to decide if they want to stop and stick with their total—such as 97 or 100. If this happens, the team with the score closest to (but not over) 101 is the winner. If they both get the same score, it’s a draw.

101 battle

Each game is very quick, so you might want to keep playing and keep a running score of how many games each team wins.
