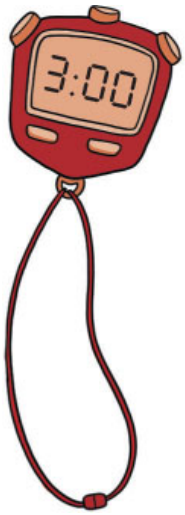
The higher your score gets, the riskier it is to keep going.

Play it on your own, or have a contest with a friend.

AGAINST THE CLOCK

3 To play against the clock, set the timer for three minutes, and get going!



Now it gets harder!

4 When the time is up, the score you have at that moment is your total. Do you stick with a good score, such as 28, or take a chance and try to get it a little higher?
