10.1 Akka Streams

Basic semantics

Finite streams

Source

Flow

Sink

Blueprint

Materialization

Infinite streams

10.2 Akka Persistence Query

Where the rubber meets the road

10.3 Projections

Reading

Writing

Putting everything together

The ShardedDaemonProcess

Back to the SPContainer projection

All the main parts

10.4 Projections in action

11 Akka ports

11.1 Akka HTTP

Akka HTTP servers

The path

Directives

Route directives

Marshalling and unmarshalling

Akka HTTP communicating with actors

11.2 Akka gRPC

The Protocol Buffers side

The RPC side

The plugin and the .proto file
