supervise 21 – 22
swapping out behavior 21
overview of 4 – 5
protocol of actors 28
ActorFlow class 335
ActorRef 24, 74
ActorSystem 23 – 24, 45, 265, 273
ActorTestKit class 66
adapters
function of 49
protocol with message 49
sending messages 48
AddCargo class 231
AddCargo events 202
addCargo gRPC call 231
addCargo method 231
AddedCargo class 231
AddedCargo response message 230
afterAll method 73
Akka 1 – 64
actor programming model and actors 18 – 22
asynchronous model 18 – 19
components 22 – 26
operations 19 – 22
overview of 4 – 5
betting-house example application 238 – 263, 306 – 324
onfiguration 317 – c321
deployment 321 – 324
projections 307 – 317
business chat application example 18 – 22
clustering 138 – 170, 264 – 283
Akka Cluster Bootstrap 265 – 269
Akka Management and cluster HTTP extension 153 – 157
cluster subscriptions 156 – 157
clustered job processing 157 – 166
joining clusters 141 – 143
Kubernetes API 269 – 277
leaving clusters 148 – 150
minimal example 143 – 145
overview of 138 – 139
resilience 166 – 169
