You'll explore the blogging infrastructure in the next section to get a better understanding of the services you're using.

2.2 Exploring your infrastructure

Now that you've created your blogging infrastructure, let's take a closer look at it. Your infrastructure consists of the following:

- Web servers running on virtual machines
- Load balancer
- MySQL database
- Network filesystem

2.2.1 Virtual machines

First, use the navigation bar to open the EC2 service as shown in figure 2.8. Next, select Instances from the subnavigation options. A list showing two virtual machines named wordpress shows up. When you select one of those instances, details about the virtual machine appear below.
