Clicking the Delete link should take you to the Delete page, which asks for confirmation that you want to delete this item (figure 8.16).

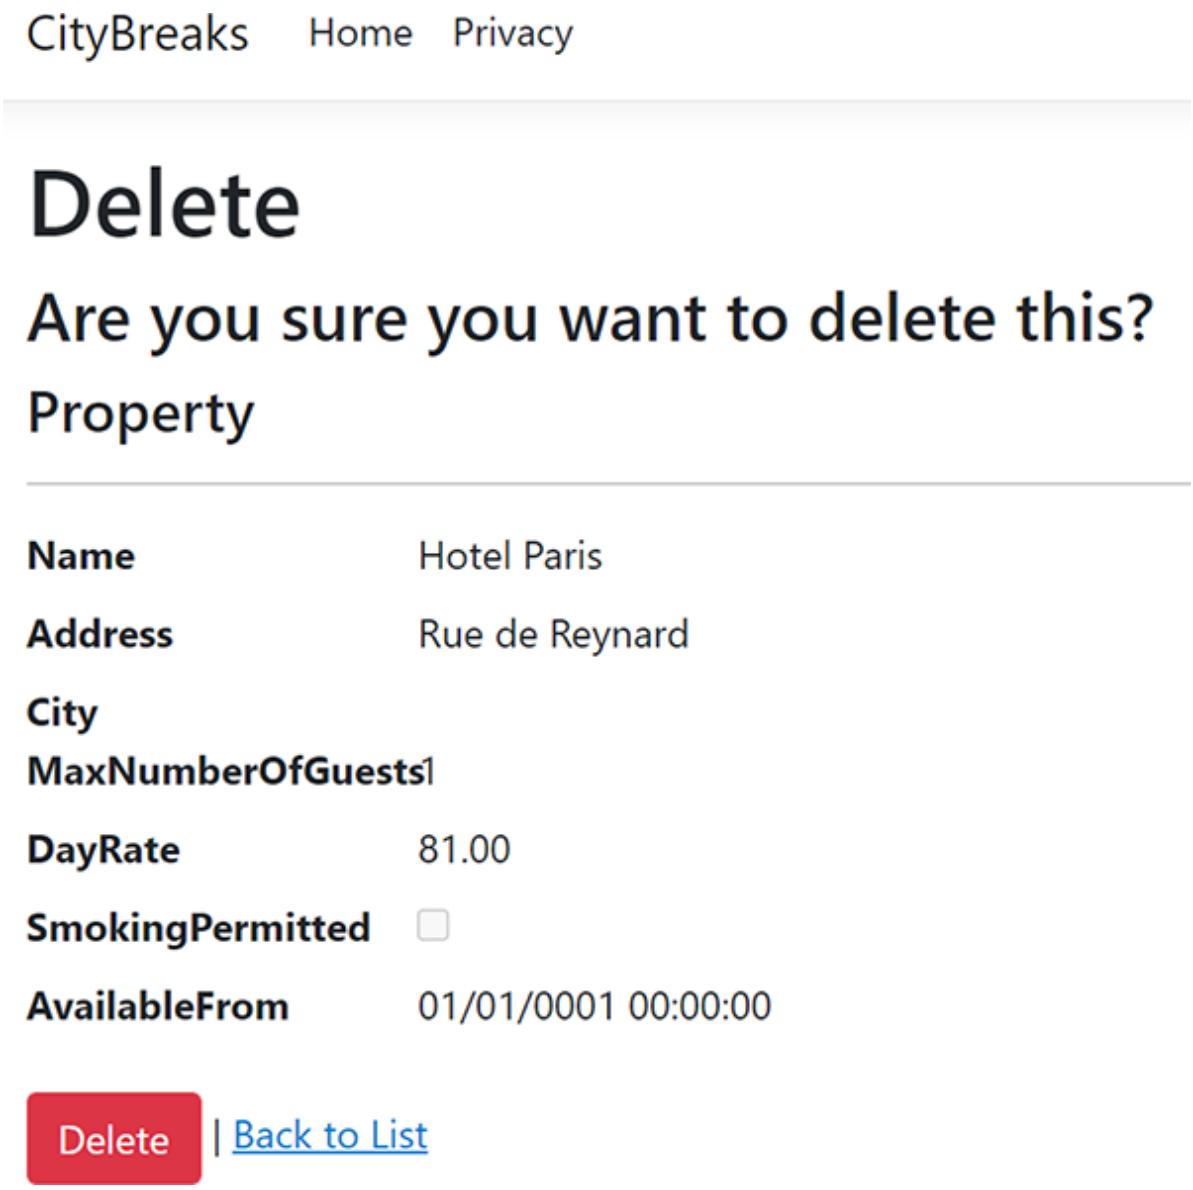

Figure 8.16 The Delete page

Click the Delete button, and then observe that Hotel Paris is no longer in the list. As a final check, use whichever database tool you are comfortable with to look at the data in the Properties table to confirm the relevant record still exists—albeit now with a value in the Deleted column (figure 8.17).
