Praise for the Second Edition

One of the greatest and most complete books about ASP.NET Core!

—Delcoigne Vincent, Wavenet

Fantastic book. The topics are explained clearly and thoroughly. It's well written and researched. If you want a thorough understanding of ASP.NET Core, this is where you need to start.

—Luis Moux, EMO

A comprehensive training and reference for ASP.NET Core with a touch of history of the .NET realm for .NET newcomers as well as .NET seniors.

—Jean-François Morin, Laval University

The most comprehensive ASP.NET Core book on the market. It covers just about everything you need to learn to quickly become productive in the often-confusing and fast-changing world of .NET Core.

—Filip Wojcieszyn, Sonova AG

One of the best books to learn the ins and outs of ASP.NET Core with confidence.

—Raushan Jha, Microsoft

Includes comprehensive information that prepares you to deliver robust and reliable real industry-standard applications.

—Daniel Vásquez, RWS

Excellent book with a thorough explanation of basic concepts and lots of tips for best practices. Highly recommended.

—Ruben Vandeginste, PeopleWare

Andrew Lock provides excellent insight into how to use ASP.NET Core. He provides clear, in-depth practical examples to solidify concepts described throughout the book. This book is a must have for .NET developers.
